Straw Vote Taken at Packing Plant and at Standard Office

Last evening the Standard sent blank ballots to the Ogden Packing & Provision company's plant, to Shupe-Williams Candy factory and to Wrights, but up to press time had heard only from the Packing house, the vote at which was as follows: For president: Hughes, 14. Wilson, 44. For Governor: Morris, 22. Bamberger, 52. For Senator: Sutherland, 24. King, 44. For Congressman: Hoyt, 27. Well, 47.

The surprising part of the vote is the strength of Wilson, and the comparatively close vote between Sutherland and King.

FAILS TO CONNECT HIS PLACE WITH SEWER AND IS FINED

Bertha Berry, a negroess charged with vagrancy, forfeited \$25 bail in the police court this morning. She was arrested early in the week and was alleged to have stolen \$50 from Dave Ryckman. The police recovered \$45 of this money and the woman was released on deposit of \$25 bail. D. G. Flanti, an alleged drunk, forfeited \$5.

George Haswell, John McLaughlin, T. Wilson, William Kirk and A. Burk, plain drunks, were each sentenced to serve five days in jail or to pay a \$5 fine.

In the case of the City vs. A. Burel, the court ordered the defendant to pay a fine of \$100 or to serve 100 days in jail. The case was one of a large number now in the hands of the city attorney for prosecution, in which the defendants are charged with failing and neglecting to connect their property, located in the city sewer districts, with the sewer. Burel pleaded guilty to the charge yesterday afternoon, claiming his financial condition to be responsible for his non-compliance with the city ordinance.

Judge Barker, in passing sentence, stated that, while the parties named in all such complaints probably had reasons which, to them, seemed sufficient to justify them in not complying with this section of the city's health laws, when their cases were brought into court, it was the duty of the judge to try them on their merits and to give judgment accordingly.

BOY STARTED OUT TO BE ANOTHER KIT CARSON

His imagination fired by the exploits of Kit Carson and other noted scouts in days gone by, to the extent that he sought to emulate their deeds, John Noorlander, 16 years old, was suddenly brought back to earth at 7 o'clock last night when Dick Wootton and Alex File, of the city detective force, compelled him to dismount a horse he was alleged to have stolen, surrender a 22-caliber rifle, a pistol, scabbard and belt, a knapsack, bridle and outfit and then take a little stroll over to the police station. There, from the young man's effects, were produced some small paper back books such as the "Trappers Story" and others of that order.

Noorlander was practically at the end of his dream when he failed to recognize in W. S. Read, 1110 Washington avenue, the owner of the horse he was riding. When Mr. Read accosted him and asked him where he

Passengers accordingly are advised to wait at the points on these intersections and in the middle of long blocks for the cars as they will not stop to admit persons at any additional places.

In connection with the information regarding the new traffic regulation, it was announced that a thirty-minute service between Ogden City and the mouth of Ogden canyon would obtain tomorrow. The service was arranged to afford persons without other means of conveyance the opportunity for easy access into the canyon for a Sunday outing.

HERBERT D. BROWN IS NAMED TO FILL VACANCY

Herbert D. Brown was nominated by the Weber county Republican committee for the vacancy in the legislative ticket at the session in Republican headquarters in the De-Eccles building this afternoon. The nomination was made by ballot. Mr. Brown receiving a bigger vote than either Clarence E. Wright or John G. Gebhart, the other two candidates proposed.

The ballot was taken after the committee had adopted the suggestion that it would be unwise to select a person for the vacancy without placing qualification for the place above religious considerations.

The vacancy was created when Samuel Powell relinquished the nomination tendered him by the convention after he discovered that he could not meet the age requirements.

Mr. Brown, the nominee, is engaged in the contracting business, and is well known in Ogden business circles as well as in the country districts. His popularity, it was stated, was considered along with other qualifications in tendering him the nomination.

EAGLES ARE TO PARADE THROUGH BUSINESS DISTRICT

Anticipation will give way to realization tonight, when the combined series of the Fraternal Order of Eagles of Ogden, Salt Lake, Bingham, Murray, and Midvale, Utah, and Pocatello and Malad, Idaho, will hold a big street celebration. The first event will be a parade of the lodgesmen, with the Salt Lake and Ogden degree teams and fifty boys and girls, through the business district. This will be followed by an exhibition drill on Hudson avenue by the local and visiting degree teams and the celebration will be concluded with an entertainment, social and dance in the club rooms of Ogden Aerie, No. 118, in the Hurst building on Hudson avenue. The parade and drill will be for the entertainment of the public, and the later program for the local and visiting Eagles and their ladies.

The celebration was planned by a committee composed of William Doyle, W. H. Taylor, Charles A. Bass, R. B. Carter, E. R. Geiger, Grant Syphers and Richard H. Wootton, to give an impetus to the membership campaign that is being conducted by the local Eagles' aerie. The parade will be formed in Hudson avenue, in front of the Hurst building at 7:30 o'clock and the line of march will be as follows: South to Twenty-fifth street, east to Washington avenue, north to Twenty-third street, counter-march to Twenty-fourth street, west to Grant avenue, south to Twenty-fifth street, passing the new Eagles' home now under course of construction, east to Hudson avenue and north to the starting point.

Immediately after the disbarring of the marchers, the exhibition drill will be staged on Hudson avenue, and that this may be viewed in safety, Mayor A. R. Heywood has issued the following order:

"September 29, 1916.

"To the People of Ogden:

"With your permission Hudson avenue will be closed to vehicles on the evening of Saturday, September 30, 1916, from 7:30 p. m. until 9 p. m. for the purpose of allowing the Fraternal Order of Eagles the opportunity of drilling and parading.

"As I understand it, all foot passengers, as spectators, will be cordially welcome.

"ABBOT R. HEYWOOD, "Commissioner Public Safety."

Effective Sunday, October 1st.

Street Cars will only stop on the near side of the street.

WILSON MAKES VIGOROUS TALK

Long Branch, N. J., Sept. 30.—President Wilson, launching into a political speech here today before a New York delegation of young Democrats, demanded to know what the Republican party would do if it controlled the government. He declared he had found nothing to interest him in the campaign of the Republicans.

The president said he had hoped for a campaign based on real issues, but that he had been disappointed. The Democratic party, he declared, is the only party in the nation based on the rule of the people.

Republicans Outlive Usefulness.

The president launched a vigorous attack on the Republican party, saying that it had outlived its usefulness.

"I think the Democratic party will witness the death knell of the Republican party," declared the president.

"It has already seen two great parties come and go."

He said the Democrats had driven the corrupt lobby from Washington.

"The rats disappeared as soon as they were pointed to," he added.

"Some of the very gentlemen who were prominent in the odious days of Mark Hanna are again in control of the Republican party," said President Wilson, amid great applause.

The president said the program of the Democratic party was to continue the "liberalization" of American business and to place the people in control of their government.

BREMEN AGAIN REPORTED LOST

Washington, Sept. 30.—Another report of the capture of the German merchant submarine Bremen reached official circles here today from unofficial but usually reliable sources. According to this account, which is given credence by some high military officers, the Bremen was seen three weeks ago at the big British naval station at Rosyth, on the east coast of Scotland, having been captured in one of the steel nets recently used with such success by Great Britain against underwater craft. More than seventy submarines are said to have been taken or destroyed by these nets.
